

What will be the fate of the Stewart Silver bill? Is the question which most concerns the people of Nevada at present, always excepting the few, very few, thank God, "patriots," who prefer a place at the public crib to anything and everything else. The bill passed the Senate. It was laid on the table in the House and there it remains. It is in the power of the House to take it up immediately after the reassembling of Congress next month. Will the House do this? Some say yes, and predict that the bill will be passed in December. Assuming that this prediction will be verified, will the President veto the bill? On this question there is also a difference of opinion. If re-elected, Harrison, jacking by the tenor of his letter of acceptance, would certainly veto the bill. Possibly chagrined by defeat and aware of the sentiment in the West, in favor of the measure, he may sign it, but the probability is he will not do so. He will leave it a legacy to Cleveland's Administration, hoping that it may prove to be a rock which may split the Democratic party.

With the silver question settled, the Democrats might reasonably hope to retain control of the Government for a series of years. Should Cleveland, however, write another letter as he did four years ago, placing his opinion above that of the party which elected him, or oppose the passage of a free coinage bill, his following in the silver producing States will be restricted to the number of persons who hold Government positions.

THE PRESIDENT'S MESSAGE.

President Harrison is writing his annual message to Congress. It is understood that it will be brief and devoted to landing his Administration. It is uncertain what the President will say on the tariff question. It is surmised, however, that he views on that subject have been changed somewhat by the tidal wave of last Tuesday.

The verdict of the people, and they are the sovereigns, was decidedly against the protective and financial policy of the Administration. It is evident that the masses do not desire to be overburdened with taxation for the benefit of the classes. The people do not want legislation that makes paupers and millionaires as rapidly as has been done in the last decade or two. That we must have a tariff, and a high one, too, is evident to every person who reads the newspapers or the Government reports. The expenditures are over \$500,000,000 a year and at least \$325,000,000 of that amount must be derived from the duties on imports. The question of free trade can not, therefore be considered, as it is only campaign buncombe and the election is over now.

A DIG AT THE "TRIBUNE."

The Silver State pays its compliment to the treacherous Salt Lake Tribune, which, while pretending to favor free coinage and oppose Mormonism, advocated the election of Harrison for President of the United States and of the son of George Q. Cannon, President of the Mormon Church for delegate to Congress. The Silver State says: "Frank J. Cannon, the Mormon Bishop and the Salt Lake Tribune's pet, got snarled under in Utah as a candidate for delegate to Congress. The Tribune deserves a boycott from every decent patron for its base fawning upon polygamy and Wall Street."

General Weaver has private advice from Alabama which state that his election was chosen by a plurality of 3,000. He also says the Populist candidate for Governor will take the oath of office and perform the functions of that office. The official returns from the State election held last August have not been published. It was admitted that the Populists carried every county in the State in which the whites had a majority.

The Silver State says: "The Republican vote in the election their votes for Harrison were votes for Cleveland and that if they had stood in with the People's party all along the time the popular tide would have been unassailable, and that while one going party was being destroyed by disintegration during the campaign the other would have been annihilated at the polls and Weaver and Field would have been elected."

A Grand Procession.

SAN FRANCISCO, Nov. 12.—The Democratic victory was celebrated to-night by a parade which was an hour and a half passing a given point. There were thousands of people on Kearney and Market streets, along which the procession passed and there was a continuous display of enthusiasm all along the line of march. The marching clubs carried torches, brooms, flags and horns and were accompanied by bands of music and fire wagons. Prominent leaders and successful candidates of the local Democracy were in line. Reports from various parts of the State show that similar demonstrations were held in a number of places.

The Silver victory in Nevada was celebrated by demonstrations at Carson, and the Capital city is filled with visitors and great enthusiasm reigns supreme.

Will Pursue a Conservative Course.

WASHINGTON, Nov. 12.—It was said at the White House to-day the President has decided to pursue a strictly conservative course in all matters relating to appointments. He does not desire the administration to charge arbitrarily, depriving the incoming administration of patronage in the spirit of vindictiveness or retaliation, consequently he will extend the classified service only to the degree which he had determined upon in case he was re-elected. This will not affect more than half a dozen positions in each department.

ELECTION RETURNS.

KANSAS Elects the People's Ticket—Alabama Claimed by Weaver.

INDIANA.

INDIANAPOLIS, Nov. 12.—Semi-official returns from all counties except one, give Cleveland a plurality of 8,303. Crawford county, not reported, gave a Democratic plurality of 183 in the last election. Complete returns will show the Democratic plurality to be about 8,500.

KANSAS.

TOPEKA, Nov. 12.—Chairman Simpson of the Republican State Central Committee issued a bulletin this afternoon conceding the election of Lewelling and the entire Populist State ticket, and a majority in the Legislature.

There is now no doubt of the election of Lewelling, fusion candidate for Governor. Secretary Brown of the Republican State Committee said at noon: "We have heard from over 50 counties on the official count, and there is no hope for us on the Governor."

The Legislature is close but the Republicans claim a majority of one or two on joint ballot. There are two representative districts doubtful.

ALABAMA.

DES MOINES, Ia., Nov. 12.—General Weaver says his party is not a temporary affair but is going to stay in the field and be a factor in every campaign in the future. He says all over the country the work of organizing will be pushed steadily.

He also said that he had received private advice from Alabama which convinces him that he carried that State by 3,000 plurality and he expects to make a fight for it, and says that his friends will stand by him. At the approaching inauguration of the Governor of that State the People's party candidate will take the oath of office and his friends and supporters will sue to it that he secures possession of the office to which he was honestly elected.

Weaver says he intends to go to Alabama in the near future. The work of the organization of his party will be pushed in that section.

OHIO.

COLUMBUS, Nov. 12.—The Democratic committee is not receiving returns on the election to-day, but they stand by their claim of 500 plurality for the Cleveland electors made last night.

At the Republican headquarters the official count is being received by wire as soon as complete in the counties. This afternoon with all of the counties, official except Hamilton and Trumbull, the Harrison electors had a plurality of 917. Four counties are out on Secretary of State, but those are carefully estimated to give the Republican candidate 1,055. Chairman Dick claims the entire Republican electoral ticket.

MICHIGAN.

DARROTT, Nov. 12.—Chairman Cannon of the Democratic State Committee says that Wm. Newton, for Justice of the Supreme Court, A. A. Ellis, for Attorney General, and G. T. Schaffer, for Commissioner of the State Land Office on the fusion ticket are elected. The plurality of Rich, Republican nominee for Governor, is anywhere from 8,000 to 13,000, according to the claims of the different parts.

On this subject the local paper says: "Reports were received this morning from the Chairman of the Democratic Committee from 43 of the 84 counties show a total vote for Ewing, Populist nominee for Governor, of 17,165. This vote would wipe out the Republican plurality even if it was what the Republican State Committee claim it, and leave a safe majority for the candidates on both tickets. If the Democratic Committee estimates the plurality of both over Moore is correct, Ellis, Newton and Schaffer are elected by more than 8,000 plurality, but Ewing is probably behind most of his associates on the People's ticket, so that the joint vote of both parties on Governor is an excellent indication of what the vote will be on the other offices."

Want a Special Session.

BOSTON, Nov. 12.—This week's issue of the Boston Commercial Bulletin in an editorial discussing the meaning of election results, says: "Massachusetts supported protection but the country turned from Massachusetts. It clearly understood that the majority of the people of the United States have decided that they do not want a continuation of the present tariff. We look for no further extension of mills or industries until the new Congress frames some substitute for the present tariff. Legislation like this, positively unfavorable, is better than a long period of uncertainty, and we call upon the President-elect to summon Congress in a special session at the earliest moment that there may be some definite basis to business."

Charged With Falsifying Election Returns.

SAN FRANCISCO, Nov. 12.—When the case of Registrar Brown and Deputy Falk, charged by Dr. O'Donnell with falsifying the election returns, was called in the police court this morning, Attorney Cook, on behalf of O'Donnell, asked for a continuance until Wednesday or after the commencement of the official canvass of the returns by the election commissioners. Attorney Clum objected, stating that defendants were ready to proceed with the case. Judge Law, however, granted the continuance until Monday morning. O'Donnell then quietly stated that he would procure warrants for the arrest of the election officers of the 12th precinct of the 41st district who, he charged, had also defrauded him.

A Desperate Fight Ending in Death.

MONTGOMERY, (Ala.), Nov. 12.—A desperate fight between a Republican citizen and a Democratic election returning officer, resulting in the death of the Republican, occurred in Monroe county last night. The fight was caused by the Republican claiming irregularities in the management of the election and demanded to see the ballot box. The officer refused and the Republican declared he would take it by force. The officer reached for a revolver, and the citizen drew a knife and a desperate combat began. The struggle lasted several minutes, during which the officer received a few stabs. At length the officer got the revolver level with the citizen's head and fired killing the Republican instantly. The affair caused an immense amount of excitement and more trouble is expected.

Annual Report of the Executors of Mrs. Fair's Estate.

SAN FRANCISCO, Nov. 12.—The annual account of John W. Mackay and R. V. Day as executors of the estate of the late Teresa Fair was filed to-day. The receipts for the year from stocks, bonds and rents placed at \$378,152.79, disbursements \$137,861.03, a great portion of which was for claims against the estate presented by a large number of small creditors. The monthly allowance of \$2,500 each to Mrs. Herman Osirich and Miss V. Fair and \$500 a month to James Fair, Jr. and Charles Fair foot up to a respectable sum in the expense account. The executors report a balance of \$233,536.16.

Ex-Surveyor General Benson Acquitted.

SAN FRANCISCO, Nov. 12.—In the U. S. Circuit Court to-day the jury, acting under instructions from Judge Gibert, acquitted ex-Surveyor General John A. Benson against whom a charge of fraudulent surveys and entries of government land in this State has been pending for several years. A nolle prosequi was then entered in over 2,000 similar cases against Benson. The jury also acquitted George Perrin, John D. Hall and James McNeil, tried in conjunction with Benson.

The Court continued a number of other suits bearing on alleged land frauds until January, 1893.

The Stallion Record Now Broken.

NASHVILLE, Nov. 12.—Kremlin to-day broke the world's stallion record and Tennessee still holds the fastest time in this class. He was driven by Ed Bitter and trotted a mile in 2:07 1/2, against Stamboul's time of 2:08. The quarters were 32 1/2, 1:03 1/2, 1:35, 2:07 1/2.

Arion (2:10 1/2), holding the 3-year-old stallion record went against his record and made 2:10 1/2. The quarters were 32 1/2, 1:03 1/2, 1:37, 2:10 1/2. This equals the 3-year-old record of Sunol, and is the stallion record of the world for horses of that age. He was driven by Charles Marvin. Other horses also broke records.

The First Applicant for Office.

WASHINGTON, Nov. 12.—Probably the first man to apply for office because of Democratic success at the polls is a resident of Georgia, who appeared at the Treasury Department this morning and showed Secretary Foster a letter of recommendation from Speaker Crisp, and modestly said he would like to have some office under the Treasury Department. The Secretary treated him cordially and said he would place the application on file for the consideration of his successors.

A Test Case.

WASHINGTON, Nov. 12.—Secretary Foster to-day directed that the emigrant steamship Weimer from Bremen be detained at quarantine at Cape Charles, Md., for a period of twenty days, and the baggage of the emigrants disinfected, and the vessel thoroughly cleaned. The Weimer had on board 1,900 emigrants. This is a test case and will be the precedent in all similar cases arising in the future.

Sherman Will Not Resign.

WASHINGTON, Nov. 12.—Senator John Sherman this afternoon asked whether it was true, as reported, that he is to resign his seat in the Senate in favor of Secretary Charles Foster. He very quietly, but effectively disposed of the story by saying he knew nothing of it, and if any one was authorized on the subject he should be that person.

The amount appropriated during 1891 for public schools by the Russian government was \$2,832,000.

How pitifully small this is for a great country like Russia is vividly brought out by the fact that for the year 1890 the amount expended for the public schools in the state of New York was \$18,214,687.68.—New York Tribune.

An Ancient Piece of Music.

Peculiar

Many peculiar points make Hood's Sarsaparilla superior to all other medicines. Peculiar in combination, proportion, and preparation of ingredients, Hood's Sarsaparilla possesses the full curative value of the best known remedies for the treatment of the vegetable kingdom.

Peculiar in its strength and economy—Hood's Sarsaparilla is the only medicine of its kind which can truly be said to be "One Hundred Dollars for One Dollar." Medicines in larger and smaller bottles require larger doses, and do not produce as good results as Hood's Sarsaparilla. Peculiar in its medicinal merits, Hood's Sarsaparilla accomplishes cures hitherto unknown, and has won for itself the title of "The greatest blood purifier ever discovered."

Peculiar in its "good name at home,"—there is now more sold in the United States than of all other blood purifiers. Peculiar in its phenomenal record of sales abroad, no other preparation has ever attained such popularity in so short a time, and retained its popularity and confidence among all classes of people so steadfastly. Do not be induced to buy other preparations, but be sure to get the Peculiar Medicine.

"August Flower"

There is a gentleman at Malden-on-the-Hudson, N. Y., named Captain A. G. Pareis, who has written us a letter in which it is evident that he has made up his mind concerning some things, and this is what he says:
"I have used your preparation called August Flower in my family for seven or eight years. It is constantly in my house, and we consider it the best remedy for Indigestion, and Constipation we have ever used or known. My wife is troubled with Dyspepsia, and at times suffers very much after eating. The August Flower, however, relieves the difficulty. My wife frequently says to me when I am going to town, 'We are out of Constipation of August Flower, and I think you had better get another bottle.' I am also troubled with Indigestion, and whenever I am, I take one or two teaspoonfuls before eating, for a day or two, and all trouble is removed."

"August Flower"

There is a gentleman at Malden-on-the-Hudson, N. Y., named Captain A. G. Pareis, who has written us a letter in which it is evident that he has made up his mind concerning some things, and this is what he says:
"I have used your preparation called August Flower in my family for seven or eight years. It is constantly in my house, and we consider it the best remedy for Indigestion, and Constipation we have ever used or known. My wife is troubled with Dyspepsia, and at times suffers very much after eating. The August Flower, however, relieves the difficulty. My wife frequently says to me when I am going to town, 'We are out of Constipation of August Flower, and I think you had better get another bottle.' THE DETECTIVE'S DREAM.

He Followed As Close As He Could and Caught the Man He Was After.
"Do you believe in dreams?" asked Tom Hall of Conductor Mitchell.
"I sleep too sound to dream," was the reply.
"Well, I never had much confidence in them either, but I had an unusual experience one time that has almost made me a believer. A number of years ago, when I was in the secret service, I had searched the country over for a murderer. His home was in Indianapolis, and he had relatives living here, but I could never get any trace of him. One night I came to Indianapolis and remained here two weeks, stopping at the Spencer House. I tramped this town from one end to the other and had about given up in despair.
"One morning I got up rather early, and asked the clerk to take a drink with me. This he did, and then I went to breakfast. For breakfast we had bacon, and I never enjoyed anything so much in my life. After breakfast I strolled out, and made my way down Washington street and along up the canal. There was one house that attracted my attention. It was a two-story house, and the weatherboarding being put on perpendicularly. In a building next to this house I saw the man I wanted, and just as I reached for him I awoke. It had been a dream, but so natural was it that I could actually taste the cocktail I had drunk with the clerk, and the bacon I had eaten for breakfast.
"When I got up the clerk and I did take a drink together, and we had bacon for breakfast, just as it occurred in my dream. I went down Washington street and along the canal. There I saw many things that I dreamed about, but I could not find the house with the perpendicular weatherboarding. I saw a building located on the same spot where my dreamhouse should have been, and while I was looking at it a man came out. I recognized him as an old acquaintance, and we had quite a long chat—I of course not explaining to him the business I was on.
"In the course of the conversation I learned that the mother of my man lived next door to this house. In an hour or two I came back and went in to see her. To make a long story short, I learned that her son had joined the regular army and was stationed out here in the arsenal. There I arrested him. He was tried, convicted and was sent over the road, and is yet serving time for a crime. The clerk I had secured as to his whereabouts came to me in a dream."—Indianapolis News.
